

INDÚSTRIA QUÍMICA DEL MONTE LTDA

Brazilian Registry (CNPJ)	63.034.037/0001-50
Brazilian Registry (Jucesp)	35200876561
Start of Activities	1971/03/25
Partner-Owners	Rubens Gorski (65%) Sandra Del Monte Gorski (35%)
Main Activities	Manufacture of Inorganic chemicals Distribution of raw materials

ABOUT US

On March 25, 1971, Del Monte was born in the neighborhood of Ipiranga, in the city of São Paulo, manufacturing high quality Aluminum Sulphate, Iron Sulphate Monohydrate, Silicagel, purification of Sodium Chloride, Potassium and Ammonium Sulphate, in addition to filling and distribution of raw materials in general.

In 1982, the company moved to its own 9000 m² headquarters in the city of Diadema; a strategic location that has the main highways to facilitate the flow of cargo: the Anchieta, Imigrantes and Rodoanel Mário Covas highways speed up the transport of products between the Port of Santos / SP and integrate with the other highways for access to the interior São Paulo and the other States of Brazil.

Years have passed and many things have changed: new technologies, new ideologies, new needs for adaptation and work design that add value to us, our customers, partners and society. We take the opportunity to use the changes as a means of synergy for our growth, with quality raw materials, responsibility to meet all legal requirements that involve our performance, ethics and transparency in business, professional valuation of our employees and always believe that we must understand the needs of our customers and be able to contribute with the best solutions.

We are proud of all our achievements, translated by serious work carried out in the nearly five decades of operation, focus on continuous improvement and a team of employees trained and ready to meet the most varied needs of our customers.

MISSION

Efficiently provide quality chemical products with safe and responsible methods, efficient logistics, efficient service, specialized support and strengthening commercial ties, marking a legacy of ethics, respect for the environment, developing its employees and aiming for constant and profitable growth.

VISION

Become the reference name and preference of our customers, adding value to our work through the commitment to Quality Management, ethics and responsibility.

VALUES
